

Chapter 1: The Harbor

The chapter opens with the harbor at rest. Lines, gear, and lanterns are put away in their places, and the water lies as still as the sky it copies.

Here the ordinary work of the chapter begins: small tasks, taken in order, that together change the shape of the day.

The closing paragraph leaves the harbor as it was found, except for the one difference the chapter has been about all along.

Chapter 2: The Quay

The chapter opens with the harbor at rest. Lines, gear, and lanterns are put away in their places, and the water lies as still as the sky it copies.

Here the ordinary work of the chapter begins: small tasks, taken in order, that together change the shape of the day.

The closing paragraph leaves the harbor as it was found, except for the one difference the chapter has been about all along.

Chapter 3: The Tides

The chapter opens with the harbor at rest. Lines, gear, and lanterns are put away in their places, and the water lies as still as the sky it copies.

Here the ordinary work of the chapter begins: small tasks, taken in order, that together change the shape of the day.

The closing paragraph leaves the harbor as it was found, except for the one difference the chapter has been about all along.

Chapter 4: The Fleet

The chapter opens with the harbor at rest. Lines, gear, and lanterns are put away in their places, and the water lies as still as the sky it copies.

Here the ordinary work of the chapter begins: small tasks, taken in order, that together change the shape of the day.

The closing paragraph leaves the harbor as it was found, except for the one difference the chapter has been about all along.

Chapter 5: The Beacon

The chapter opens with the harbor at rest. Lines, gear, and lanterns are put away in their places, and the water lies as still as the sky it copies.

Here the ordinary work of the chapter begins: small tasks, taken in order, that together change the shape of the day.

The closing paragraph leaves the harbor as it was found, except for the one difference the chapter has been about all along.

Chapter 6: The Storm

The chapter opens with the harbor at rest. Lines, gear, and lanterns are put away in their places, and the water lies as still as the sky it copies.

Here the ordinary work of the chapter begins: small tasks, taken in order, that together change the shape of the day.

The closing paragraph leaves the harbor as it was found, except for the one difference the chapter has been about all along.

Chapter 7: The Return

The chapter opens with the harbor at rest. Lines, gear, and lanterns are put away in their places, and the water lies as still as the sky it copies.

Here the ordinary work of the chapter begins: small tasks, taken in order, that together change the shape of the day.

The closing paragraph leaves the harbor as it was found, except for the one difference the chapter has been about all along.

Chapter 8: The Light

The chapter opens with the harbor at rest. Lines, gear, and lanterns are put away in their places, and the water lies as still as the sky it copies.

Here the ordinary work of the chapter begins: small tasks, taken in order, that together change the shape of the day.

The closing paragraph leaves the harbor as it was found, except for the one difference the chapter has been about all along.
